## Virtually Eliminate the Burden of Payroll Tax Calculations

### A Solution for Payroll Experts Built by the Company You Trust

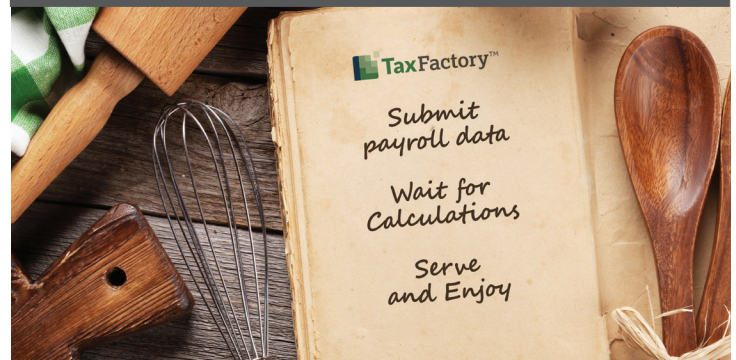

TaxFactory will help to enhance your payroll tax processes and will virtually take away the burden associated with employer and employee tax calculations.

This dependable, hard-working, single-source solution – with a built-in TaxLocator – is designed to integrate easily and quickly with your payroll system. In as little as two weeks, you can have the power of TaxFactory working for you.

TaxFactory automatically responds to the demands of your payroll system, providing tax location and assignment, wage, tax and wage attachment calculations, including reciprocal taxes, IRS qualified benefit plan and much more. It also ensures employee income deduction orders and wage levies comply with authority obligations.

TaxFactory's capabilities and coverage are unmatched in the industry – thousands of organizations large and small use this innovative suite of web-based tools and services. The solution

Enjoy Payroll Tax Calculation Success with a Dash of Simplicity...

Just Add TaxFactory and Stir!

references data on demand from your payroll system, avoiding the need to collect PII or store sensitive company data.

Furthermore, for SaaS customers, ongoing maintenance, in the form of regulatory and software updates, is automatically applied to TaxFactory by our team.
